INVITATION

Topic:
Identity Theft and Protection of Personal Information

Presenter: Mr Manqoba Mngomezulu (Alumnus of UNIZULU, Book Author, Entrepreneur, Speaker and Security Consultant.)

He is an Information Security/Cybersecurity Consultant, with over 12 years experience in the field of IT, Information and Cybersecurity.

His main focus on the Information Security field is: Information Security Governance, Information Security Program Development, POPIA Implementation, Security Enterprise Architecture, IT Security Risk Management and IT Security Awareness.

He has written a book about protection of personal information, titled **"Bring Back My Identity"**. This book provides easy to follow guidelines on how to protect any personal and confidential information, how to guard against information thieves, what to do should you discover that you are a victim of information theft and what security measures can you put into practise everyday to protect yourself, your organisation and those around.

Date: Tuesday, 6 October 2020   **Time:** 12h00 - 13h00   **Place:** University of Zululand
